

Cap &
Co

Experience and expert manufacturing

KNOWLEDGE IS BLACK & WHITE

CAPABILITY OVERVIEW · UK CONTRACT MANUFACTURING

Two decades of formulation, twelve years on the line.

Cap & Co Nutra pairs long-standing formulation expertise with hands-on manufacturing experience — the depth of knowledge that keeps a product consistent from first blend to finished pack.

5

pack formats — one pouch,
four tub sizes

Packed the way your product is meant to be sold.

We manufacture and fill across pouches and tubs, giving brands a range of formats from single-serve trial sizes through to bulk retail packs.

01	Stand-up pouch	Flexible, low-cost, retail-ready
02	1000ml tub	Bulk & value formats
03	750ml tub	Standard retail
04	500ml tub	Standard retail
05	250ml tub	Trial & travel sizes

Every batch produced under controlled, documented processes.

Full traceability, consistent quality and documentation you can stand behind — so your brand launches with confidence.

HACCP	Production runs under HACCP-compliant processes, with hazard controls applied across the manufacturing workflow.
FSA REGISTERED	A Food Standards Agency registered facility, operating within UK food and food supplement regulations.
TRACEABILITY	Batch-level traceability and documentation from raw material through to finished, packed goods.

The true value of a turnkey partner.

We optimise every stage — from formulation to finished goods — reducing complexity and increasing precision.

001 FORMULATION

Custom blends developed to your brief.

002 MANUFACTURING

Scalable contract production across our pouch and tub formats.

003 FULL TURNKEY

Formulation through to a finished, compliant product — one partner, start to finish.
